

## I'm Sorry

I'm sorry that I couldn't have been better  
I'm sorry that I couldn't have been honest or at least nice  
And I'm sorry that I was directly responsible for the death of your father  
And I understand why your mother will never forgive me  
Once Shakespeare's Juliet and de Sade's Juliette  
Now Jesus, Mary and the Reid brothers  
And I'm sorry that I'll never understand you  
And I'm sorry that I'll never understand this  
Because if men are so complicated then all women must be pigs  
Let us forget these things like the 20 second extermination  
And I'm sorry that I couldn't find a pianist who could compliment your rhythms  
And I'm sorry that I couldn't contort two vaginas into a crucifix  
And may we never erect monuments to a twisted sense of male sexual domination  
And together we'll pray for a natural sense of female submission to guide us  
Since we both know it's easier to follow along anyway  
Since it's our fault that Mother Gaia will never make love again  
If I identify myself as a king then surely the rest of you must be swine  
It's sickening  
It's violent  
Let's hit the sea baby, we'll live as pirates  
We'll give it all we've got  
We've both seen enough pornography to know how this goes anyway  
It's all deception anyway so don't be so damn tense  
Easy  
Easy now  
We'll mutilate ourselves in unison  
That must be true love

Even if it's only 20 seconds, it's only the same 4 seconds repeated over and over

Please understand that these are the sounds of me trying
