

Poem for Virginia Woolf

Virginia Woolf, where has this fog came from?

Virginia Woolf, have you no answer?

Virginia Woolf, you know I'm so tired.

Virginia Woolf, can't I shed my skin?

Virginia Woolf, everybody seems so angry.

Virginia Woolf, I live in a nation of upset.

Virginia Woolf, the churches have all burnt up.

Virginia Woolf, the synagogue's doing no better.

Virginia Woolf, I haven't burnt my eager tongue.

Virginia Woolf, define 'delicacy'.

Virginia Woolf, I saw the car crash on Calmore.

Virginia Woolf, the hydrant has run empty.

Virginia Woolf, it's not like the sky's fallen.

Virginia Woolf, must you dream of dancers?

Virginia Woolf, what is cocaine like?

Virginia Woolf, I have a plan to make a million dollars.

Virginia Woolf, it's a real get-rich-quick scheme.

Virginia Woolf, I will invent a device that will burn your retinas in no time at all.

Virginia Woolf, I need a business partner.

Virginia Woolf, won't you marry me?

Virginia Woolf, this is not true love.

Virginia Woolf, please don't misunderstand me.

Virginia Woolf, was FDR really such a wonderful man?

Virginia Woolf, what have you to say of the Kennedys?

Virginia Woolf, last night I saw a film titled 'The Death of the New Woman,' and I cried.

Virginia Woolf, it was so beautiful.

Virginia Woolf, they did not fight for me.

Virginia Woolf, they did not fight for me to write to you.

Virginia Woolf, nobody needs to fight for me.

Virginia Woolf, I am a product of my time.

Virginia Woolf, you are just a product of time.

Virginia Woolf, has it become obvious now?

Virginia Woolf, not all massages have happy endings.

Virginia Woolf, I don't feel that pain in my neck anymore.

Virginia Woolf, my life has gone wonderfully.

Virginia Woolf, I'm thinking of doing my master's degree in post-apocalyptic bureaucracy.

Virginia Woolf, I'm thinking that I'll write my thesis on how you betrayed me.

Virginia Woolf, tell me what I'm thinking now.

Virginia Woolf, is it snowing?

Virginia Woolf, raining?

Virginia Woolf, has Jupiter brought candles, lovers and rainbows?

Virginia Woolf, billions will never find their faith.

Virginia Woolf, patriotism is a sham.

Virginia Woolf, I've become such a socialist.

Virginia Woolf, the youth are all up in flames.

Virginia Woolf, the manager of a Burger King thinks he's better than me.

Virginia Woolf, a street artist thinks he's better than me.

Virginia Woolf, the last great king thinks he's better than me.

Virginia Woolf, aren't we all in the intellectual 5%?

Virginia Woolf, please tell me I'm shallow.

Virginia Woolf, go fuck yourself.

Virginia Woolf, I do worry.

Virginia Woolf, my manager looks over my shoulder.

Virginia Woolf, I do lie.

Virginia Woolf, I'm obliged to lie.

Virginia Woolf, I have the privilege to lie.

Virginia Woolf, I have the privilege to do whatever I like.

Virginia Woolf, I'm aware that I could throw away all my money and survive.

Virginia Woolf, what will we do about the greedy rich and the lazy poor?

Virginia Woolf, could this be the same divide that Marx spoke of?

Virginia Woolf, are we on the edge of class warfare?

Virginia Woolf, should I be on the side with the bigger guns or the side with the larger infantry?

Virginia Woolf, is it called 'infantry' because you must be an intellectual infant to sacrifice your life for your country?

Virginia Woolf, don't answer that.

Virginia Woolf, strike my record.

Virginia Woolf, three strike policy.

Virginia Woolf, I've lied again.

Virginia Woolf, I'm glad that I cannot see the bright sun.

Virginia Woolf, I'm running to Scotland for the weather.

Virginia Woolf, I hate the University of Bristol.

Virginia Woolf, I hate Savannah State University.

Virginia Woolf, there isn't even a Savannah State.

Virginia Woolf, can't they fuck off and talk about football in a gutter?

Virginia Woolf, I am afraid of masculinity.

Virginia Woolf, I do believe that pornography will replace sports television.

Virginia Woolf, won't we stop breeding?

Virginia Woolf, I fear I've lied again.

Virginia Woolf, I know that's my third offence.

Virginia Woolf, don't worry, I'll wrap it up.

Virginia Woolf, this is not true love.

Virginia Woolf, phantoms dance under my skin.

Virginia Woolf, I've grown quite weary.

Virginia Woolf, what is it like to be old?

Virginia Woolf, what is it like to be long dead?

Virginia Woolf, you don't have to answer that.

Virginia Woolf, thank you for your time.

Virginia Woolf, please remember how little you mean to me.

Virginia Woolf, I am signing off.

Virginia Woolf, good night.
